Flourish at Hatfeild

Welcome to Summer Term

We're so excited to welcome back Seedlings Class into the summer term! We have already done some fabulous learning, all around our topic 'I do like to be beside the seaside', and the children have shown great enthusiasm and curiosity in all our activities. We will also be learning about 'One World' where we consider how to look after our wonderful planet.

Upcoming Events

Flourish at Hatfeild

English

This term we will be reading two books; 'No Nancy No: A Seaside Adventure'; and 'Sand Between My Toes'. We will be writing poems, creating warning posters, and writing a recount about our own exciting seaside adventures! After half term, we will be reading 'Anna Hibiscus' and 'Clean up' where we will be writing diary entries, letters, setting descriptions and persuasive posters.

Maths

This term we will be very busy learning about a wide variety of topics, including shape, multiplication and division, measurement, time, position and direction, and fractions, building our confidence and developing our problem-solving skills along the way.

Other Subjects

In the Summer Term, in geography, we are going to be learning about physical and human geography and the oceans and continents of the world. In science, we will be learning about animals including humans. This will involve categorising animals, as well as considering how to keep animals healthy. In life skills, we will be learning about painting and decorating, including sanding and priming; as well as how to walk and ride a scooter safely.
